

Want to slash strokes from your game almost overnight?

## Amazing Secret Discovered By One-Legged Golfer Adds 50 Yards To Your Drives, Eliminates Hooks and Slices... And Can Slash Up To 10 Strokes From Your Game Almost Overnight!

Now you can learn to use *your* natural ability to "load" every drive with *200% more explosive power* almost overnight, getting distance you could only dream of before... while nailing shot after shot *exactly where you want it*, as accurate as clockwork... and, if you're like most golfers, knocking a pile of strokes off your *next round!* Impossible? Not if you believe what lifelong professionals and hot new amateurs *worldwide* are now saying...

If you've ever wanted to drive a golf ball with the **explosive velocity of a howitzer cannon** (adding half the length of a football field to your tee shots alone)... while hitting **all** your fairways and greens with *masterful precision*... then this will be the most important message you ever read.

**Here's what this is all about:** My name is Dr. Michael O'Leary, and until very recently I was your basic "hacker". I had a love/hate relationship with golf — some days I'd be driving like a pro, maybe even flirting occasionally with par... while the *next afternoon* my game would absolutely go all to hell. I swear I've stood at the edge of the lake, holding my bag overhead, one emotional hair-trigger away from tossing the whole mess and never stepping up to another ball the rest of my life.

Doesn't it drive *you* nuts? I had no consistency to my game at all, even after *12 years* of playing regularly. No way to tell what each round would bring. And it wasn't for lack of trying, either — I'd easily dropped *several thousand dollars* having "pro's" tell me what a horrible hook I had, and if only I would start twisting my body like *thiiiiis* on the upswing...

Yeah, right.

## Fortunately, I'm The Kind Of Guy Who Will Bitch To Anyone Who'll Listen!

That's how I ran into Milt Wallace. And my life *instantly* changed forever. In a few short weeks after listening to Milt's advice...

- I had infused my swing with so much **new power** that I was *consistently* muscling drives **50 yards farther** than I ever had before! (And you should have seen the look on my buddies faces when I started using an *8-iron* from 180 yards out, nailing shots they missed with their *5-iron*!)
- I saw a **110% improvement** in my fairways-and-greens-hit-in-regulation! (Where my *old* swing would give me a "successful" shot 4 out of 10 times, I was *now* hitting **8-and-9 successful shots out of 10!** That's unbelievable accuracy even some pro's can't claim!)
- **Plus** — *incredibly*...

## **My Handicap Plummeted From 16 To Just 7 In Less Than Four Months!**

And it just gets better and better! My "fade" completely disappeared... and I became absolutely *fearless* on the links, going after every shot as if I had magical powers.

*But it's not magic at all!* You see, what I learned from Milt had almost **nothing** to do with me... and **everything** to do with the amazing new swing he'd developed over the years. He calls it the "**Triple Coil Swing**", and he got the idea for it over fifteen years ago while watching a one-legged man tee up and proceed to rip one of the longest drives Milt had ever witnessed. Back then, Milt was already a professional golfer, earning a living as the course pro at **Hagen Oaks** in California. Yet his game — and his demand as an exclusive teacher of serious golfers — was about to change forever.

Milt actually felt sorry for the one-legged man who was teeing up for his first shot... *until he saw him drive the ball 320 yards dead center down the fairway, while maintaining a smooth grace even his two-legged companions couldn't manage!* Imagine how this one-legged man must have looked standing up to the ball, swinging back and following through. Milt was sure the poor guy should have fallen over.

*But he didn't.* In fact, his balance was absolutely impeccable... and in a flash of insight, Milt saw the truth:

## **This One-Legged Man Actually Had An Advantage Over Normal Golfers!**

It was *because* this man was forced to balance on one leg — Milt will explain the physics and which leg it was to you later — that he was able to "supercharge" his swing by letting the **naturally-coiled tension** of his movements "cock" and then *explode*. Yet he remained rock-solid in balance... able to repeat each shot so predictably that he could often tell you *within 10 feet* where the ball would land.

The **Triple Coil Swing** Milt developed after watching this one-legged man's display is so simple, yet so *crushingly powerful*, that anyone — *anyone* — can use it to turn their game into a predictable, machine-like weapon. With *two* legs to stand on, your power and accuracy only *increases* dramatically... giving you **complete domination**

power and accuracy only increases dramatically... giving you complete domination over the links... *and your opponents!*

How can a simple swing do all this for you? *Easy...* because this new swing...

## **Uses Your *Natural* Ability To "Load" Your Body With Enough Precise Torque To Keep *Every* Swing Exact And "On Line"... Even As You're *Tearing The Cover Off The Ball!***

Anyway, there's a very good reason I'm telling you all this. You see, for years the *only* way to learn this amazing **Triple Coil Swing** was to hire Milt Wallace personally... and he never came cheap! In fact, for the last 10 years he's been charging \$225 *an hour*, with a minimum of 6 lessons in a package — meaning it would have cost you **\$1,350 just in fees** to learn this swing! That is, if you could nail him down for an appointment. He is perhaps...

## **The Most Sought-After Golf Teacher In The Country!**

And Milt would have gone *on* giving only personal lessons for staggering fees (even though his health has been bad lately), until I convinced him of a **very simple economic fact**: If he would allow me to *videotape* him teaching his **Triple Coil Swing**... and sell these tapes to people even for a slight *fraction* of his fee... I knew that within a year's time, so many people worldwide would buy the videos that Milt would never have to give another personal lesson again! He could actually make a *better* living by charging "spare change", while enlarging his audience, than he could by gutting a few wealthy golfers a month for his "Cadillac" fees.

And Milt agreed... *sort of*. **Actually, he made me a deal**: we could "test" this low-cost offer in a few places, and if it did well, the deal was on. If it *didn't*, however...

## **He Would Pull The Videotape Off The Market Forever And Go Back To His Outrageous Fees For Personal Lessons!**

That means, if you're reading this message, the deal is *on* for right now! This is an unbelievably exciting package... designed so *you don't risk a dime* checking it out in your own home! What you get is the absolute bottom-line BEST one hour and 42 minutes (1:42) of Milt's most intense teachings -- shot in San Diego's most heavily-booked film studio and on the links at the most prestigious golf course south of Pebble Beach! This exciting video was shot with incredible clarity and precise sound reproduction using the super-expensive Betacam SP format... and transferred to VHS

with "Hollywood quality" non-linear digital editing (on the famous \$100,000 in-viix "Video Cube")... using custom-wound Sony industrial-quality videotape! (You cannot get this type of superior videotape at any retail store!)

Packed into this amazing 1:42 video is exactly everything you need to know to master the **Triple Coil Swing** in the shortest time possible. Nothing has been left out... you get the **same instructional format** that Milt uses for his hyper-expensive personal lessons... with the *added advantage* that you have it all on tape, so you can rewind and go over any part you like until it becomes second nature! Plus, you'll see:

- The one mistake **even pro golfers make** that *kills* the power in their downstroke... and how to use a simple, easy "adjustment" that will instantly *increase your power by 200% or more!* (Imagine *consistently* hitting 300 yard drives, and nailing greens from 150 yards out with a *nine iron!*)

- Why "beginners" are able to use this swing to quickly surpass more experienced golfers... *even if they don't play every week!* (In fact, the *less* you understand about what the "experts" try to tell you, the faster you'll be shaving off strokes and getting distance you could only dream about before!)
- How a "secret" **5-inch change** in your hip placement translates into *massive power* for your stroke! (Not one pro in a thousand even suspects the potency of this simple adjustment!)

(And *repeat* your perfected swing every time, without a shred of second-guessing!)
- How to use the secrets of "**loading**" your body for maximum power! (Traditional swings rob you of this potential power — while the **Triple Coil Swing** actually increases it *two-fold!*)
- Why the new "lag" in your swing will cause your buddies to shake their heads... until they see you *consistently out-drive them by 40, 50 and 60 yards off every tee!* (I guarantee they'll make you play with one of their balls, just to make sure you aren't *cheating* somehow!)
- How to use simple "double checks" (like the "visible knuckle" rule) to instantly make sure you're prepared for any shot... *so you'll always get a repeatable result no matter what the conditions are!* (Even if you're playing a strange course, in the rain, with your partners coughing and dropping bags to distract you!)
- The truth behind "follow through" — and why 99% of all golfers completely blow it *right after they hit the ball!*
- How to **instantly diagnose mistakes** in your swing — so you'll never have back-to-back misfires again! (This is a *comprehensive* list of the most *common* mistakes you're likely to make... a complete "fail safe" system of correcting yourself *during your game!*)

- How to practice at home — using props that won't cost you a dime — to increase your learning curve *10 times faster!*
- How to use the secret of "choking down" to master *any* club in your bag... no matter how horrible you were with it before!

**PLUS:** With a special segment of "Advanced Instruction", you'll get to see how a real **experienced golfer** is able to immediately alter his life-long habits and adopt this new swing for incredible new power, distance and accuracy... and how a **rank beginner** can see his game skills skyrocket almost overnight!

**And there's more:** You also get a sturdy **instruction manual** that gives you even *more* detailed information about your new swing... so you'll always have an easy reference right at your fingertips! You can take this manual to the links with you... it has all the most *common answers* you'll ever have to take your game into the stratosphere.

Can a simple swing like this *really* make that kind of difference in your game? You bet it can! Just listen to what these experienced golfers say:

*"Since watching this video, I'm consistently hitting the ball **50 yards longer off the tee**... and my overall consistency has increased 90%! Even when I miss a shot, I'm still in play. My lifelong slice is gone forever." **E.G. Rey**, Southern California*

*"I met Milt 10 years ago, I watched his teaching methods, and was very curious. I've never met anyone who could match Milt for teaching people to hit for power and accuracy." **Joe Melideo**, Head Pro at Castenaso Golf Club, Bologna, Italy*

*"I started in the mid-90's, dropped to low 70's within weeks! Hit an 8-iron in Palm Springs 200 yards... my drives now average 290 yards! This swing is awesome!" **Dean Messier**, Computer Analyst*

*"After just one viewing, I stopped the damaging sway in my swing — now I average 290-yard drives, almost 70 yards farther than my previous best, and my accuracy is astonishing. Thanks!" **John Thompson**, Norwalk, CA*

*"Simple, quick to learn, easy to do time after time. This is the fastest way to get maximum power in your golf swing." **Ted Harris**, Financial Advisor*

*"In just 15 minutes Milt turned my swing around — no more slice, hitting 6-iron 185, 5-iron over 190, which I've never been able to do before! And it's so simple, I can go out and do it every time." **Mel Clark**, Banking Vice President, Los Angeles*

*"I can't believe how far I'm hitting my shots now! Even the tough courses are now easy to play. This new swing is the simplest I've tried, very comfortable and tension-free. Amazing." **C. M. Nasser**, Production Engineer*

*"I started with a 15 handicap — now, after just 4 months using the Triple Coil Swing, I'm a **FOUR handicap!** Plus, my swing is 100% repeatable, time after time. I've turned into a deadly golfer almost overnight." **Sean Sansone**,*

## Commercial Land Appraiser

*"It took me a while to believe that the incredible changes I saw in other golfers could be so simply related to this swing. When I finally broke down and tried it, the results came fast and heavy — I could actually feel my swing change, improving my game tremendously."* **T. A. Voelker**, Realtor

*"This will make the hairs stand up on the back of your neck... I never thought it was possible to hit a 5-iron **227 yards!** Hit my driver 329 yards. You'd be foolish not to give this swing a chance."* **Chris Alvarado**, Tucson, AZ

*"I've spent thousands of dollars with 6 different pro's, practiced 4 days a week, and still couldn't break 90. Then I learned this new swing, and **almost instantly dropped 8 strokes off my game!** From 150 yards out, I can almost always put the ball within 10 feet of the pin. With my new distance and super-accuracy, I'm a different golfer."* **Mike Sayegh**, Laguna Hills, CA

*"I really believe that you started a revolution in golf instruction. I am hitting my woods straight and am getting 20 to 30 yards better distance. I have hit my 4 wood 235 yards. I even hit a couple of easy 7 irons 150 yards. You are on the leading edge of a new age in golf."* **Frank Cowles, CA**

*"Even though I am considered a long ball hitter, I felt there was still something missing and I was always searching, until I found the Triple Coil Power Swing. In the first thirty minutes with Milt's expert instruction, my balls were going absolutely straight. The distance also came, with a much easier swing... learning to use the energy created by the body."* **Candi Thomas, Championship Golfer, NV**

*"I feel that you have made the most important contribution to the understanding of the golf swing since Ernest Jones in the 40's."* **Vincent Giudice, Orthopedic Surgeon, NJ**

*"I have been to many golf schools and golf camps over the past 20 years and have seen very little improvement in my golf game. Milt, you and you alone have given me the method and shown me the way to obtain the swing for much greater distance and also more precise direction than any golf school I have ever been to."* **Norman Hayes, Auto Dealer, UT**

**Are these golfers any different than you?** No, they are not. They represent professionals, amateurs, beginners and lifelong golfers with the same passion and skill you bring to the game.

The *only thing* they did was to put their doubts aside... and give this new swing a try. For some of them, it cost several thousand dollars in personal lessons — and was worth every penny.

If you, too, can simply put your doubts aside for a short time, you can see *for yourself* just what it's like to hit drives 50 yards farther than you ever dreamed possible... treat 150-yards like a chip shot... and slice strokes off your game so fast your friends will be afraid to play with you anymore!

## Even Better, You'll Get The Same Instruction For A Fraction Of What Everyone Else Had To Pay!

**Listen:** A *lot* of guys all over the world are gonna be furious with me for sharing this "secret weapon" swing with you... especially since **you** won't be paying even part of what *they* had to shell out for *one* lesson!

But that's just too bad. It's been a secret for too long. Oh, it'll take a while for this swing to become so common you'll see everyone using it — after all, most golfers have invested too much time and money in their *current* game to justify spending even a dime on something new... *even if it's a simple swing that will change their lives!* That's just human nature.

Besides — if you've stayed with me this far, you aren't like other golfers anyway.
